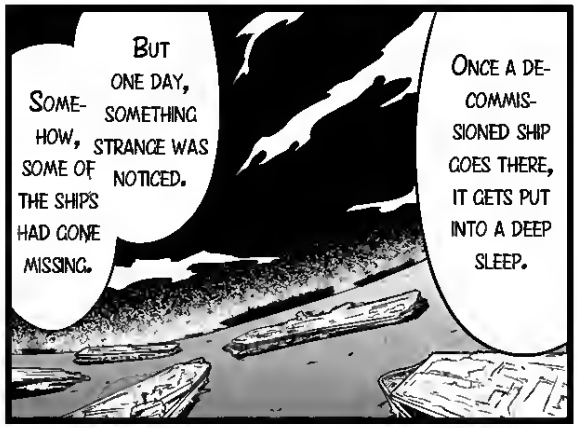
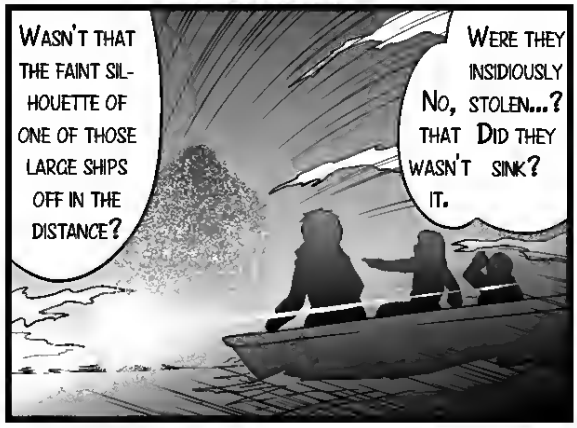
Our Hero

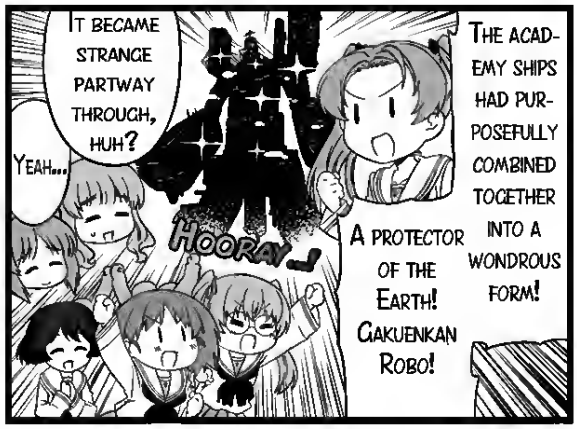
It seems like there's a place somewhere in the ocean where these ships are gathered together.
It's often the case that the reconstruction efforts get stalled for the decommissioned academy ships that they can't find a buyer for.



Somehow, some of the ships had gone missing.
But one day, something strange was noticed.
Once a decommissioned ship goes there, it gets put into a deep sleep.



Wasn't that the faint silhouette of one of those large ships off in the distance?
Were they insidiously stolen...? No, that wasn't it.
Did they sink?



It became strange partway through, huh?
Yeah...
Hooray!
The academy ships had purposefully combined together into a wondrous form!
A protector of the Earth! Gakuenkan Robo!

ATTENTION TO THE READER

In a world of compromises, some people put watermarks on their pages.

But it doesn't matter, because our translations are the fastest ones out there. Look at how cool our translator is... if you send us money you will be that cool of an operator too. And chicks will dig you.

At /ak/, we stuck some translated text on a manga page, just like a bunch of other scanlating groups have done. However ours is better, because we refuse to post it to any other sites than [redacted] http://ak-scans.wikia.com and [redacted] /a/. Because:

Our wiki is the greatest wiki ever made. It may be unorganized and have limited content, but that's your fault. If you were a real operator you would love it. once again look at our translator, that one sure is cool isn't it?

fluffy Mauser

Yeah, you know you want to send money to us.

And by the way, check out our new website. We decided that humans don't need to quickly read manga by webpages. If you were a really manly teutonic operator, you wouldn't be bother by downloads. plus we've tested the server to be able to take 100,000,000 requests at one time, and that was when the server was buried in a lake of molten lava, on the moon. If you don't believe us, it is because you aren't a real operator.

By the way, our cheap, mass-scanned manga are the best thing ever, and totally worth giving us lots of money, but not that cheap, mass-scanned, manga from other people, thats garbage. not that it matters because you're not in our threads, so you will have to wait for your translations. Because you suck, and we hate you, but we know you'll be back. We can beat you down like a trailer park wife, but you'll come back, you always do.

Give us money.

Sincerely,

/ak/ Marketing Department
